INTERFERENCE SEARCHED			
Class	Sub.	Date	Exmr.

This image is a vertical, high-contrast black and white scan. It is divided into two main vertical sections. The left section is a light gray, textured area, possibly representing a page edge or a binding. The right section is a solid, dark black area. A thin, vertical white line runs down the center, separating the two sections. The overall appearance is that of a document page that has been scanned with high contrast, resulting in a loss of mid-tones and a focus on the extreme light and dark areas.
